"NOT ONLY MUST THE PHYSICIAN BE READY TO DO HIS DUTY, BUT THE PATIENT MUST CONDUCE TO THE CURE"

When you consult your physician you rightfully expect him to use his best medical knowledge and experience skill to help you. He can do much for you, if you follow his exact advice. Listen carefully to his health and diet instruction. Take any medicine he may prescribe, according to his directions, which we carefully type on the label. Pharmacists are taught in our college of Pharmacy to follow a physician's specifications exactly when we compound a prescription. Can you do less, as a patient?

## THREE LITTLE PIGS

(with apologies to the 3 little pigs)

You can build your house with straw. (But it may not keep you dry if a rainy day comes along.)

You can build your house with sticks. (But the winds of adversity might blow it down.)

The best way to build your house is with a solid foundation of bricks. (And U. S. Savings Bonds are some of the best savings bricks you can buy.)

Bonds are solid as a rock — guaranteed by your Government. They're loss-proof, fire-proof, theft-proof — the Treasury will replace them without charge in case of mishap. And the principal invested in Bonds is safe — not subject to market fluctuations.

PART OF EVERY AMERICAN'S SAVINGS BELONGS IN U.S. SAVINGS BONDS.

The U. S. Government does not pay for this advertising. The Treasury Department thanks, for their patriotic donation, the Advertising Council and

4-H NEWS  
Round-up

BY TOM CASADAY • ASSISTANT COUNTY AGENT

Beef Calves— who I'm sure will probably plan to feed.

Plans are shaping up rapidly for buying a number of good feeder calves for our Coffee County 4-H boys and girls who are interested in the project.

We plan to attend a feeder calf sale the fourth week in September to select and buy the calves. Hope that all the Club members will be getting everything ready to start the calves on feed. Some of the 4-Hers are making plans to buy calves.

are Janice Bozeman, James Parris, Robert Marler, Frankie Carpenter, Diane Bryan, Howard Smith, Jimmy Bryan, Larry Carter, Margaret Bryan, Hughie Bryan, Coy Patterson, John Wilson, Gwendolyn Griswold, Sammy McDuffie, Donnon Bryson, Emmitt Gillion, Johnny Walls, Harry Howell, Jimmy Howell, and Faye Allen. I haven't heard from several others,

Measuring Corn Yields— Several boys asked me about checking corn yields some way other than having to weigh every ear. For several years, farmers and club members over the state have used the method given below. It's accurate and easy to do. By reading the instructions below and following the table you can estimate your yield. Here's how it's done:

Measure three sections of rows on a acre—each section 100 feet long. This gives a total of 300 feet of row. Make these measurements at different points in an acre so they will give about the average of the corn. Unless this is done, a misleading yield may result. Pull the corn on these three 100-ft. row sections and weigh it in the shock. Do not "slip shock."

Get row width. Find the factor in the table below for the row width. Multiply the weight Point off two decimal places. This gives yield per acre, in bushels.

Here is an example of how to use the formula: The row is 36 inches—so the factor is .61 (see table). Total corn on three representative 100 ft. row sections weighs 120 pounds. Multiply 120 by the factor .61. This 73.20—the bushels of corn made per acre.

Warning Cattle—

Veterinarian Wallace Miller and I were talking about parasites in cattle a few days ago. He mentioned the enormous dollar loss to our cattlemen each year because of failure to treat cattle for stomach worms.

We certainly agreed for as Mr. Speed and Mr. Tidwell and I go over the County, we see hundreds of wormy cattle.

Worm damage begins to show in the winter and early spring, but damage is being done all the time—it just isn't as noticeable when cattle are getting plenty to eat.

Our livestock specialists at Auburn recommends treatment for worms at least twice a year—Phenothiazine is the recommended treatment—Follow directions on the container—if cattle are weak, give a half dose and wait a few days to give the remainder.

## THE GREATEST TEACHER

That girl at the blackboard is Ellen Blake. She is a sixth grade student at Fairview Heights School, and she has just written my name. I'm the new teacher—Mary Thomas.

Being a teacher is a big job. Each Sunday I say a special prayer for guidance in my work. But I am well aware that the task of training these children for good citizenship is one I can't possibly accomplish alone.

This is a wonderful age, but it is often terrifying. There are so many diversions, so many activities and so much knowledge that seem apart from the Church. And yet God created everything, and God's love is universal. Today's children need help that only the Greatest Teacher of all can give them. They need the teachings of the Church, and a firm basis of Faith.

I'm gratified when I see so many of my students at church with their parents. The Church needs all; all need the Church.

## THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

### USERS OF GAS ASKED TO AVOID SEASONAL RUSH

"Be Prepared." The famous Boy Scout motto is an excellent slogan for home owners days, in the opinion of Southeast Alabama Gas District officials who are looking forward to cold weather and the district's annual rush.

"This hot late summer weather is tricky," says R. J. Smith, gas district general manager. "It lulls people into forgetting that fall and winter are coming—and soon. Then, when cold weather does arrive, everybody is in a hurry to get his heating system adjusted and fired up."

Owen Ziglar, service representative at the Elba office, said today that he is ready now to service all natural gas heating systems in the Elba area. "If you need your pilot light re-lighted or adjusted, or your burners adjusted, call the office right away," Ziglar said. "We perform these important services free."

As the dryer fall months approach, the danger of fire is much greater. It can spread rapidly from field to field and to the woods. A fire on the loose is very destructive, burning within a few minutes that which nature has grown over many years. Wild fires destroy timber, wildlife and leaves the soil bare and exposed to erosion.

ALWAYS GLAD to welcome newcomers to Elba and particularly when they are as nice as Jim and Elizabeth Vinson, who have just moved into one of the Bulard apartments.

While Jim is completing his studies at Troy State, Elizabeth will be commuting to Enterprise High with us, where she joined the faculty last February. Elizabeth is one of those truly genuine people whom it is a joy to know and we hope she and Jim will tarry a long time in our town.

HOLDING HER NEWBORN SON in her arms, Annie Jim Folmar was the essence of young motherhood, when we saw her several days ago on a visit to Dick and Doll Dorman, the proud grandparents. Annie Folmar Jr., was quite a gentleman and such a joy, and that she and Joel were having such fun "playing dolls."

ABSOLUTELY CORNERED Mrs. Dismuke recently to get her to tell us about a divine shower given for daughter, Louise Guyn in Pensacola. Undoubtedly there were over fifty guests attending and that the decorations were all in shades of pink and blue.

Mrs. Dismuke made the trip to Pensacola and was accompanied by Mrs. Joe Ritchburg, Mrs. Claxton Hornsby, and Mrs. Bibb Jones of Andalusia. Thought it was such a compliment to Louise Guyn that she should be given such a party, when she has only been in that city since her marriage.

IF YOU haven't had "the virus" in the last week or so, you definitely are not among the chosen people. I wonder what we talked about over morning coffee before this last epidemic.

UNDERSTAND that the L. L. LeCompte's had a house full of company last weekend and thoroughly enjoyed themselves. Visiting her parents, was Hilda LeCompte of Birmingham and her guest, Miss Mary Sue Galtups. At the same time two youngsters, Yvonne and Rebekah LeCompte of Calmar, were there to see "Grandma."

A DEAR LITTLE ONE-YEAR OLD was the center of attraction on Saturday, August 22, when rocking horses, balloons and play pens created a party atmosphere on Mrs. Cleve Rushing's cool and spacious lawn. Honoree was happy Beth Byrd, daughter of Jane Byrd and Judge Mrs. J. O. English. The little guests included: Mike and Joyce Ziglar, Barbara Bruce, Rodney Ham, Steve and Randy Hendrick, Mickey Marshall, Buddy and Dixie Morrow.

Bill Riley, Alice Brunson, Ann and Phil English, and big brother, Tim Byrd. Assisting June were capable Becky English, Cynthia and Linda Padgett.

HAVE YOU HEARD about the surprise birthday party given last Tuesday for Leland Ringo? Can't think of anyone more deserving of recognition and expressions of gratitude than this very nice lady who always has time to stop and listen to everyone.

The party was given by Mrs. J. H. Bruce and Mrs. Joel Warren at the home of the former. Decorations were original and pretty. Large colored letters spelled out "Happy Birthday" across the dining room. The dining table was covered with a lace cloth thru which peeped a green undershirt. The corners of the cloth were caught up at the corners with clusters of red roses and green streamers. A large cake in the center of the table added burning candles.

The punch table, also done in white, with fern in which nestled red roses, the favorite flower of the honoree. Many presents were presented and we are so sorry that the picture of Mrs. Ringo, opening them, did not turn out as we had anticipated using it with this column.

Helping to make the party lots of fun were: Mr. and Mrs. Roy C. Gordon, Mr. and Mrs. P. G. Mathis, Mrs. W. M. Ringsdorf, Mr. J. D. Lowery, Ian, Mr. and Mrs. Glen Johnson, Mr. and Mrs. John P. McClellan, Mr. and Mrs. Glen Johnson, Mr. and Mrs. John P. McClellan, Mr. and Mrs. Glen Johnson, Mr. and Mrs. John P. McClellan.

The bride, given in marriage by her oldest brother, Lee Clark Cain, wore a ballerina length gown of white Dutchess satin featuring a full gathered skirt, low neckline, and three quarter length sleeves. Her gloves were of lace, a single strand of pearls encircled her neck. Her fingertip veil of illusion fell from a princess crown of seed pearls and orange blossoms.

She carried a prayer book topped with stephanotis and carnations centered with a purple throat orchid. Miss Evelyn Fleming, organist of Brundidge, and Mrs. Roy King, vocalist of Elba, presented a program of nuptial music. Miss Jacqueline Meek of Sneed, Florida, served as matron of honor. She wore a white tulle dress of blue tulle chiffon over blue tulle.

TURNING UP THE GASLIGHT—Mrs. Maybelle Harper, clerk at the Dothan office of the Southeast Alabama Gas District, recently installed the Gas District's new gaslights throughout Southeast Alabama for home-owners who want their driveways and patios illuminated by soft, romantic gas light. Installation can be made now at a low, introductory price, according to district officials.

## POULTRY SHOW

 TO BE OCT. 4  
 BY 4-H CLUBS

By Tom Casaday

Poultry Show

Ten 4-H Club members are making plans to enter sixty hens in the Annual 4-H Poultry show which is to be held Saturday, October 4, in Elba. Each Club member will select six of his best pullets to enter in the show. Eighty dollars will be awarded in prize money, and the amount each boy or girl gets will depend on how good his pullets look to the Judges. A. A. Middleton, Alabama State Hatchery, Dothan, Judge and Wade Andrews of the Sears Farm Store of Dothan, will award prize money and ribbons. Club members entering the show are Wayne and Jimmy Smith of Damascus; Ed Cowen, Linda Cannon, Judy Wilson and James Howell of Curtis; Lewis McCarty of Pine Level; Johnny Ziegler, of Zion Chapel; Eddie Knowles of Fairview; and John Inman of New Hope.

4-H Schedule

Later in the month, Mrs. Huthinson, Mrs. Wakefield and I will visit each school to see the Principal, local leaders and Officers in each club. Each person will receive a copy of the New Yearbook and Plans for the October decorations will be made. All of us in the County and Home Agents office appreciate the real help and cooperation extended to us by the principals and leaders. And we believe we have the best 4-H Club boys and girls officers to be found anywhere. We're anxious to get started with the October decorations. Leaders and Officers are as follows: Sept. 22, Basin, Curtis, and Pine Level; Sept. 23, New Hope, Zion Chapel, and New Hope; Sept. 25, Fairview and

Kinston; Sept. 30, Mt. Pleasant, Goodman and Damascus. Young People—Listening in on the Farm Bureau Directors Meeting a few nights ago, I heard the Officers and Directors explain a new program sponsored by the Coffee County Farm Bureau and the State Organization. The program is designed to offer young people between the ages of 18-28 opportunities to participate in the State Organization meeting which is to be held in Biloxi October 26. They would like to have a young man or woman enter the Talent Contest which will be held the opening night of the convention. Of course, a duet, trio or quartet or any kind of entertainment would be welcome. Those entering must be 18-28 and may be married or single. Those interested should contact Home Agent Sara E. Hutchinson or some of the officers or directors of the Coffee County Farm Bureau.

## FARMERS HERE DO BETTER THAN U. S. AVERAGE

Coffee County farmers held their own last year to a better extent than did farmers in many other parts of the country.

Confronted with the same squeeze of poor prices and high costs, they pulled out of the unfavorable situation comparatively well.

The story is told in a comprehensive report, covering every county in the United States, released by the Standard Rate and Data Service, New York.

It shows that Coffee County farmers ended the year with gross farm income, before expenses, of \$5,618,000.

Off 12 Per Cent

This total, despite the fact that the year was a relatively poor one for the farmer as well as practically everyone else, was only 12.0 per cent below that of the prior year, when it was \$6,380,000.

The decline was smaller than was experienced in some areas, where it reached as much as 17.3 per cent.

The gross farm receipts locally consisted principally of income from crops estimated at \$2,554,000, and returns from the sale of livestock, \$1,544,000.

Also entering into the total were soil bank and other government payments and the value of food produced and consumed on the farm.

Apportioned equally among the local farm population, which was set at 11,800 as of the beginning of this year, this gross income was equal to \$476 per person.

The year 1957 was one of contradictions in agriculture. Crop production in the United States, despite the fact that the number of acres worked out less than at any time since 1919, was very high.

Yet net farm income, after deducting expenses, was lower by some \$300 million.

Farm real estate, however, rose in value. In the State of Alabama, the rise amounted to 7 per cent according to the agriculture department.

As an average, the present market value of farm land is about nine times the annual net farm income, the figures show. It is the highest in 20 years.

Why so high? Because of the fact that many commercial farms are too small for efficient operation, the urge to enlarge them has increased sharply. Added to this has been a demand for land for non-farm purposes, such as realty developments, near urban areas.

The experiences of the Washington-area milk producers provide an important lesson for any retail merchant—that is, the consumer can never be taken for granted.

No matter how commonplace a product is, there is a good chance that the public is ignorant of some of its worth. Thus for any product, continued education through advertising is a necessary step for attaining maximum sales.

## Tigers vs. Luverne To Clash Friday

With a game - like scrimmage last Friday afternoon, the Elba High Tigers ended heavy drills in preparation for the opening game, which will be with Luverne High School tomorrow night in Luverne Stadium with a kickoff at 8 p.m.

As the third week of practice came to an end, the Tigers were looking more and more like the clubs Elba has fielded in past years.

Blocking was sharp, and tackling was sure. In the backfield, the backs are running harder, and the Quarterbacks are throwing well under pressure. This should insure the ground and air attack Elba has been needing for a winning combination.

Depth is still a problem, but one that can be licked with 11 solid performers and a good second team. Elba has both. In the line, Ends Devine and Carney, Tackles Meeks and Clark, Guards Fuller and Crocker, and Center Brunson should provide a solid forward wall with a good deal of help from King at end, Russell and Winston at end, Russell and Winston at end, Russell and Winston at end.

The backfield is even more imposing. Quarterbacks Sanders, Nelson, and Ware are all capable of a starting berth.

Halfbacks Tom Dyes, Earl McCollough, and Michael Corbitt and Fullbacks Thomas McCollough and Joe Rex Chandler form a solid running team with Larry Wise, Elmer Twilley, and Gary Hudson to provide the support. Jack Flowers, who has been a student at halfback so far, is now suffering from a shoulder injury.

The Tiger roster by positions: Ends—Devine, Casey, King, Tackles—Russell, Meeks, Winston, Clark, Guards—Crocker, Free, Fuller, Clark, McCollough; Center—Brunson, Duran.

Quarterbacks—Nelson, Sanders, Wise, McCollough—Dyes, Hudson, Corbitt; Fullbacks—McCollough, Chandler. Luverne already holds a 1-1 game lead over Elba in experience, a 6-0 victory over Georgia Tech last Friday night.

The Tigers, however, will be out with revenge on their minds, remembering the 19-0 pasting they took from the Crenshaw County boys last year. The Tigers will be ready, so
